Verse 1

```
Am          F               C   Am            F              C
  Well the night is my companion     and the highway is my home
Am            F                   C   Am    F              C
   Got me seeking for one last beacon   every single place I roam
Am          F             C   Am                    F                  C
  They say Jesus was a poor man   I guess I wish I had a little more of him in me
Am              F           C   Am    F            C
    Make it easier goin' on li-vin'  heartache and misery
```

Chorus   *(Add B3 Distortion)*

```
F       C       G
Sweet sweet heart of mine
      Am                          F
I'm goin' to break again a million times
     F   C   G       Am
Or is this too far gone
   F    C    G    Dm    Am
Have you turned    to stone
```

Break
```
    Am   F    C    Am   F    C
```

Verse 2

```
Am          F             C  Am       F            C
  Well I guess I got my bottle    I still hold it all the time
Am         F                     C  Am                  F                C
   But it keeps me smile'n & sing'n  helps me fall asleep a little bit better at night
Am             F             C    Am              F            C
   They say life is like a dagger   backstage is full of parasites
Am      F                        C        Am            F              C
   They love you & drain off everything you own   just to feel better about their life
```
